

St. Mary's County Amateur Radio Association

Amateur Radio Emergency Service

11/20/23 0000Z (on zoom)

Members present: KB2SKP-Chris, AC3CU-Neil, MY-Pete, KC3RWE-Brad  
N2OMC-Rob, KC3UCB- , KB1YZ-Jim, KC3WBR-  
Robert, AC3FE-John

Chris opened the net at 0000Z after a little trouble getting the zoom session started. He then started to go over the use and set up of the modem for UZ7HO. He went over on how to download and setup the modem on the computer. He explained the various pages in the modem download and how to set them up for use with your radio. Chris demonstrated the packet modem use for sending Winlink messages. He also went over the ARDOP message format and the VHF format.

Brad found this to be very useful in setting up his Winlink system. Robert and Jim also found it very useful.

Chris closed the meeting at 0151Z.
